

# Parent Information for Dress Rehearsals & Shows

## **DRESS REHEARSAL – THURSDAY, JUNE 1**

All dancers will attend a dress rehearsal in order to prepare for their performance. It is important that all dancers have the opportunity to be on the stage, dance in costume, feel the lights, hear the music, gage their space, and practice before the big show. It is also very crucial for our crew to see the dancers rehearse so they can technically prep the show as well. Lighting, music, staging, costumes and more all are factors that go into a successful show! ***Dress Rehearsal is MANDATORY for all dancers performing.***

During the show dancers are NOT allowed to be in the audience. They must remain backstage during each show, and come out for final bows at the FINALE. Once the show is over, parents may meet the dancers in the lobby or pick them up backstage.

It's always a good idea to provide your dancer with some light snacks and a book or game to play while back stage.

"Super Moms" are parent volunteers that help with our younger classes. Super Moms help supervise backstage, help lead kids to the side stage, and remain with them throughout the show. We will send out a parent volunteer email for moms interested in helping with this!
